PETS TOUCH OUR LIVES LIKE NO ONE ELSE

SAGE offers a free Pet Caregiver Support Group to any one of our clients from SAGE's four Bay Area locations.

Our group facilitator is Aileen Snodgrass, a licensed marriage and family therapist (LMFT) and certified pet loss and bereavement counselor.

Our Pet Caregiver Support Group offers a safe place for individuals and families to express their feelings and talk about their experiences related to the care of a pet who is receiving ongoing treatment for any illness, or for those who have experienced the loss of a pet.

SAGE

VETERINARY CENTERS

This virtual group takes an open discussion format, with no set program or agenda. Some find it helpful to attend every month, while others come just once. Each family's journey with an ill pet is uniquely personal and all are supported.

MEETING SCHEDULE

The group meets virtually on the 2nd and 3rd Wednesday of each month from 7:00pm-8:30pm.

You must register online for each session you would like to attend. The web conferencing call-in details for that specific session date will be emailed to you the week and the morning of the Support Group Session you selected.
